- a. A match is played between two sides. Each side shall consist of a maximum of 11 players, one of whom shall be captain.
- b. If a team has less than 11 players available to play in a particular match it shall have the option to complete the match with the players who are available, provided that if it has less than 9 players it shall be obliged to forfeit the match.
- c. Notwithstanding the above, in the example of any team's late arrival at an event for its first round match only, or if it has less than 9 players available to play in its first round match only, the Event Technical Committee shall make every effort to re-schedule its first round match during one of the two allocated rest/reserve days. Refer 12.1.4
- d. A team that is unable to field a minimum of 9 players in any match after the first round shall be obliged to forfeit the match.
- e. If a team forfeits its first two matches in any event, for whatever reasons, it shall immediately be withdrawn from the event.

1.2 Law 1.2 - Nomination of Players

Law 1.2 shall be replaced by the following:

1.2.1 Each captain shall nominate 11 players plus a maximum of 3 substitute fielders (or less subject to the provisions of 1.1 above) in writing to the Tournament Referee before the toss. No player (member of the playing eleven) may be changed after the nomination without the consent of the opposing captain.

1.2.2 Only those nominated as substitute fielders shall be entitled to act as substitute fielders during the match, unless the Tournament Referee, in exceptional circumstances, allows subsequent additions.

1.2.3 All those nominated including those nominated as substitute fielders, must be eligible to play for that particular team in the tournament and part of the team's official playing squad.

1.2.4 In addition, by their nomination, the nominees shall be deemed to have agreed to abide by all the applicable ICC Regulations pertaining to international cricket and in particular, the Clothing and Equipment Regulations, the Code of Conduct for Players and Player Support Personnel (hereafter referred to as the ICC Code of Conduct), the Anti-Racism Code for Players and Player Support Personnel, the Anti-Doping Code and the Anti-Corruption Code.

1.3 Law 1.3 – Captain

2.2 Law 2.5 - Fielder absent or leaving the field

Law 2.5 shall be replaced by the following:

If a fielder fails to take the field with his side at the start of the match or at any later time, or leaves the field during a session of play, the umpire shall be informed of the reason for his absence, and he shall not thereafter come on to the field during a session of play without the consent of the umpire. (See Law 2.6 as modified). The umpire shall give such consent as soon as practicable.

If the player is absent from the field for longer than 8 minutes:

2.2.1 the player shall not be permitted to bowl in that innings after his return until he has been on the field for at least that length of playing time for which he was absent.

2.2.2 the player shall not be permitted to bat unless or until, in the aggregate, he has returned to the field and/or his side's innings has been in progress for at least that length of playing time for which he has been absent or, if earlier, when his side has lost five wickets.

The restriction in Clauses 2.2.1 and 2.2.2 above shall not apply if the player has suffered an external blow (as opposed to an internal injury such as a pulled muscle) whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness).

In the event of a fieldsman already being off the field at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress. **Similarly, if at the commencement of an interruption in play through ground, weather or light conditions or for other exceptional circumstances, a player is on the field but still has some unexpired penalty time remaining from a previous absence, he shall automatically be allowed to count any such stoppage time as playing time.**

- 2.2.3 Substitute fielders shall only be permitted in cases of injury, illness or other wholly acceptable reasons. ‘Wholly acceptable reasons’ should be limited to extreme circumstances and should not include what is commonly referred to as a ‘comfort break’.

Note: Squad members of the fielding team who are not playing in the match and who are not acting as substitute fielders shall be required to wear a team training bib whilst on the playing area (including the area between the boundary and the perimeter fencing).

In addition to Law 3.4 (i)

The event organisers may provide for the ringing of a bell, which shall be rung 5 minutes before the termination of an interval, when the umpires shall go to the wickets. The event organisers shall inform the participants at the start of the event that this practice is to be adopted. “Where applicable”

3.5 Law 3.8 - Fitness for play and Law 3.9 - Suspension of play in dangerous or unreasonable conditions

Laws 3.8 and 3.9 shall apply subject to the following:

3.5.1 The safety of all persons within the ground is of paramount importance to the ICC. In the event that any threatening circumstance, whether actual or perceived, comes to the attention of any umpire (including for example weather, pitch invasions, act of God, etc See also clauses 3.5.4 and 3.5.5 below), then the players and officials should immediately be asked to leave the field of play in a safe and orderly manner and to relocate to a secure and safe area (depending on each particular threat) pending the satisfactory passing or resolution of such threat or risk to the reasonable satisfaction of the umpires, Tournament Referee, the head of the relevant ground authority, the head of ground security and/or the police as the circumstances may require.

Laws 3.8 & 3.9 shall be replaced by:

3.5.2 The umpires shall be the final judges of the fitness of the ground, weather and light for play. See 3.5.3 below and Law 7.2 (Fitness of the pitch for play)

3.5.3 Suspension of play for adverse conditions of ground, weather or light

a) All references to ground include the pitch. See Law 7.1 (Area of pitch).

b) If at any time the umpires together agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place, then they shall immediately suspend play, or not allow play to commence or to restart. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make.

The fact that the grass and the ball are wet and slippery does not warrant the ground conditions being regarded as unreasonable or dangerous. If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batsmen of the ability to play their strokes or to run between the wickets, then

these conditions shall be regarded as so bad that it would be unreasonable for play to take place.

The Umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.

- c) When there is a suspension of play it is the responsibility of the umpires to monitor the conditions. They shall make inspections as often as appropriate, unaccompanied by any of the players or officials. Immediately the umpires together agree that conditions are suitable for play they shall call upon the players to resume the game.
 - d) If play is in progress up to the start of an agreed interval then it will resume after the interval unless the umpires together agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place.
- 3.5.4 Play may be suspended due to safety and security concerns by the umpires on the advice of the Tournament Referee, the head of the relevant ground authority, the head of ground security or the police.
- 3.5.5 Where play is suspended under Clause 3.5.4 above the decision to abandon or resume play shall be the responsibility of the Tournament Referee who shall act only after consultation with the head of ground security and the police.

- a) Advertising on perimeter boards placed in front of the sightscreens is permitted save that the predominant colour of such advertising shall be of a contrasting colour to that of the ball.
- b) Advertising on perimeter boards behind the stumps at both ends shall not contain moving, flashing or flickering images and operators should ensure that

the images are only changed or moved at a time that will not be distracting to the players or the umpires.

- c) In addition, the brightness of any electronic images shall be set at a level so that it is not a distraction to the players or umpires.

3.9.3 Sightscreens

- a) Sightscreens shall be black and provided at both ends of all grounds.
- b) Advertising shall be permitted on the sightscreen behind the striker, providing it is removed for the subsequent over from that end.

During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket or any other disruption in play. 5.3.3 If the ball is to be replaced, the umpire shall inform the batsmen and the fielding captain. Either batsman or bowler may raise the matter with the umpires and the umpires' decision as to a replacement or otherwise will be final.

The following shall apply, except that the reference to Tournament Referee will only apply if one is present and on duty at the match.

- 7.2.1 In the event of a pitch being considered too dangerous for play to continue in the estimation of the on-field umpires, they shall stop play and immediately advise the Tournament Referee.
- 7.2.2 The on-field umpires and Tournament Referee shall consult with both captains.
- 7.2.3 If the captains agree to continue, play shall resume.
- 7.2.4 If the decision is not to resume play, the on-field umpires together with the Tournament Referee shall consider whether the existing pitch can be repaired and the match resumed from the point it was stopped. In considering whether to authorise such repairs, the Tournament Referee must consider whether this would place either side at an unfair advantage, given the play that had already taken place on the dangerous pitch.
- 7.2.5 If the decision is that the existing pitch cannot be repaired, then the match is to be abandoned with the following consequences:
- a) In the event of the required number of overs to constitute a match having been completed at the time the match is abandoned, the result shall be determined according to the provisions of clause 21.7.2.
 - b) In the event of the required number of overs to constitute a match not having been completed, the match will be abandoned as a no result.
- 7.2.6 If the abandonment occurs on the first scheduled day of the match, the Tournament Referee shall consult with the Home Board with the objective of finding a way for a new match to commence on the same date and venue.
- 7.2.7 Such a match may be played either on the repaired pitch or on another pitch, subject to the Tournament Referee and the relevant ground authority both being satisfied that the new pitch will be of the required standard. The playing time lost between the scheduled start time of the original match and the actual start time of the new match will be covered by the provisions of clause 16.
- 7.2.8 Throughout the above decision making processes, the Tournament Referee shall keep informed both captains and the head of the ground authority. The head of the ground authority shall ensure that suitable and prompt public announcements are made.

The umpires shall be empowered to have the pitch dried without reference to the captains at any time they are of the opinion that it is unfit for play.

10.1.2 The umpires may instruct the ground curator to use any available equipment, including any roller for the purpose of drying the pitch and making it fit for play.

10.1.3 An absorbent roller may be used to remove water from the covers including the cover on the match pitch.

10.2 Law 10.6 - Maintenance of footholes

10.3 Protection and preparation of adjacent pitches during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

10.3.1 Such measures will only be possible if requested by the ground curator and approved by the umpires before the start of the match.

10.3.2 Approval should only be granted where such measures are unavoidable and

will not compromise the safety of the players or their ability to execute their actions with complete freedom.

- 10.3.3 The preparation work shall be carried out under the supervision of the reserve umpire.
- 10.3.4 Any necessary watering shall be carried out only to the extent necessary for such preparations and shall not be permitted in circumstances which may in any way affect the match pitch.

See also clauses 3.5 and 10.3.

12 Law 12 - Innings

Law 12 shall apply subject to the following (see also clauses 15 and 16 below):

12.1 Law 12.1 - Number of innings

Law 12.1 shall be replaced by the following:

12.1.1 All matches will consist of one innings per side, each innings being limited to a maximum of 20 overs.

12.1.2 All matches shall be of one day's scheduled duration.

12.1.3 Every effort will be made to complete matches on the scheduled day with any necessary reduction in overs taking place. Only if the minimum number of overs necessary to constitute a match cannot be bowled on the scheduled day will the match be deemed as abandoned.

12.1.4 Reserve days, if applicable, shall only be utilised for rescheduling of abandoned matches as deemed in 12.1.3 or 1.1(c) If no reserve days are allocated the match shall be declared as a no result and points will be awarded as provided for in 21.10.

12.1.5 For events where group matches with finals/ranking play-off matches are played or a round-robin format is used, the following will apply:

Abandoned matches, as deemed in 12.1.3 and 12.1.4, shall be rescheduled to the reserve days as follows:

a. Individual abandoned matches (e.g. one or two matches from any incomplete round) will be given priority for rescheduling over any full round of abandoned matches (e.g. three matches). For the sake of clarity, one or two first round matches which need to be rescheduled in circumstances provided for in clause 1.1(c) shall be deemed to be abandoned matches for the purpose of this clause and they will be given priority for rescheduling over any full round of abandoned matches.

b. Individual abandoned matches will be rescheduled in order of either:

(i) The scheduled round in which the most matches have been abandoned (e.g. a round with two abandoned matches will be prioritised over a round with one abandoned match),

then

(ii) In order of the earliest scheduled round in the event of two or more rounds having an equal number of abandoned matches

c. Any full rounds of abandoned matches will be rescheduled (subject to 12.1.5 (a) above) in order of the earliest scheduled round

- d. The Event Technical Committee may, at their sole discretion, cancel any final and ranking play-offs, and utilise that day to reschedule matches in the following circumstances:
 - (i) Rescheduling of any individual abandoned matches which will have a bearing on the promotion places in the final league table on match points only
 - (ii) Rescheduling of any remaining full round of abandoned matches
- e. There is no reserve day allocated for the finals and ranking play-off matches.
- f. Subject to any of the previous points, if an abandoned match cannot be rescheduled on any reserve day, the match shall be declared as a no result and points will be awarded as provided for in 21.10.
- g. In the event of any dispute the Event Technical Committee may be called on to make a ruling and its ruling shall be final.
- h. If less than sixty percent of each team's matches are completed at tournament end, or in any other circumstances that the host ICC Region believes to be unfair and inequitable relating to the number of completed matches and how this has affected the final tournament standings, the host ICC Region may use the completed results from this tournament, and its best discretion, to recommend to the Development Committee which team(s) will progress from this tournament (i.e. it may not be the top ranked teams from the tournament). In some circumstances, as determined by the Development Committee, the Development Committee may seek ratification or otherwise by the Executive Board to decide which team(s) will progress from this tournament (i.e. it may not be the top ranked teams from the tournament).

12.2 Law 12.2 - Alternate innings

Law 12.2 shall not apply.

12.3 Law 12.3 - Completed innings

Laws 12.3 (c), (d) and (e) (iii) shall not apply.

12.4 Length of Innings

12.4.1 Uninterrupted Matches.

- a) Each team shall bat for 20 overs unless all out earlier.
- b) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, play shall continue until the required number of overs has

been bowled. The interval shall not be extended and the second session shall commence at the schedule time. The team batting second shall receive its full quota of 20 overs irrespective of the number of overs it bowled in the scheduled time for the cessation of the first innings.

- c) If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.
- d) If the team fielding second fails to bowl 20 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result is achieved.
- e) Penalties shall apply for slow over rates (refer ICC Code of Conduct).

12.4.2 Delayed or Interrupted Matches

- a) Delay or Interruption to the Innings of the Team Batting First (see Appendix 2)
 - (i) When playing time has been lost the revised number of overs to be bowled in the match shall be based on a rate of 15 overs per hour in the total remaining time available for play.
 - (ii) The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity of batting for the same number of overs. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 5 overs have to be bowled to the side batting second, **subject to a result not being achieved earlier.**
 - (iii) As soon as the total minutes of playing time remaining is less than the completed overs faced by Team 1 multiplied by 4, then the first innings is terminated and the provisions of 12.4.2 b) below take effect.
 - (iv) A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 15 overs per hour. When calculating the length of playing time available for the match, or the length of either innings, the timing and duration of all relative delays, extensions in playing hours, interruptions in play, and the interval will be taken into consideration. This calculation must not cause the match to finish earlier than the original or rescheduled time for cessation of play on the final scheduled day for play. If required the original time shall be extended to allow for one extra over for each team.

- (v) If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue until the required number of overs have been bowled or the innings is completed.
 - (vi) Penalties shall apply for slow over rates (refer to ICC Code of Conduct).
- b) Delay or Interruption to the innings of the Team Batting Second (see Appendix 3)
- (i) When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 15 overs per hour in respect of the lost playing time. Should the calculations result in a fraction of an over the fraction shall be ignored.
 - (ii) In addition, should the innings of the team batting first have been completed prior to the scheduled, or re-scheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.
 - (iii) To constitute a match, a minimum of 5 overs have to be bowled to the team batting second **subject to a result not being achieved earlier.**
 - (iv) The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
 - (v) A fixed time will be specified for the close of play by applying a rate of 15 overs per hour. The timing and duration of all relative delays, extensions in playing hours and interruptions in play, will be taken into consideration in specifying this time.
 - (vi) If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended until the overs have been bowled or a result achieved.
 - (vii) Penalties shall apply for slow over rates (refer ICC Code of Conduct).

12.5 Extra Time

In all matches where the start of play is delayed or play is suspended, the scheduled hours of play shall be extended up to maximum between the host ICC Region and the

12.6 Number of Overs per Bowler

No bowler shall bowl more than 4 overs in an innings.

In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

Where possible, the scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

12.7 Law 12.4 – The toss

Law 12.4 shall be replaced by the following:

The captains shall toss for the choice of innings, on the field of play and in the presence of the Tournament Referee (or umpires if the tournament referee is not present at the match) who shall supervise the toss. The toss shall take place not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any re-scheduled time for the match to start. Note, however, the provisions of Law 1.3 (Captain).

Note: Law 12.5 requiring the captain of the side winning the toss to notify the opposing captain as soon as the toss is completed of his decision to bat or to field first shall apply.

13 Law 13 - The Follow-on

Law 13 shall not apply.

14 Law 14 - Declaration and Forfeiture

Law 14 shall not apply.

15 Law 15 - Intervals

Law 15 shall apply subject to the following:

15.1 Law 15.5 - Changing Agreed Times for Intervals - Interval Between Innings

If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence correspondingly earlier. In circumstances where the side bowling first has not completed the allotted number of overs by the scheduled or re-

scheduled cessation time for the first innings, the umpires shall reduce the length of the interval by the amount of time that the first innings over-ran. The minimum time for the interval will be 10 minutes.

However, following a lengthy delay or interruption prior to the completion of the innings of the team batting first, the ICC Tournament Referee may, at his discretion, reduce the interval between innings from 20 minutes to not less than 10 minutes.

Such discretion should only be exercised after determining the adjusted overs per side based on a 20 minute interval. If having exercised this discretion, the rescheduled finishing time for the match is earlier than the latest possible finishing time, then these minutes should be deducted from the length of any interruption during the second innings before determining the overs remaining.

15.2 Law 15.9 - Intervals for Drinks

No drinks intervals shall be permitted.

An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket attire (subject to the wearing of bibs – refer to the note in clause 2.2.3).

16 Law 16 - Start of Play; Cessation of Play

Law 16 shall apply subject to the following (see also clauses 15 and 12.4):

16.1 Law 16.1 – Start and Cessation Times

There will be two sessions of play of 1 hour 20 minutes each, separated by a 20 minute interval.

In the event of extra time being used for any match there will be a minimum of 30 minutes between matches. Reschedule Cessation time will be no later than 1:30pm for Morning matches.

The following times will be used for matches: 10 am – 1pm (game 1); 2pm – 5pm (game 2).

16.2 Minimum Over Rates

The minimum over rate to be achieved in a T20I match will be 15 overs per hour.

The actual over rate will be calculated at the end of the match by the umpires.

In calculating the actual over rate for the match, allowances will be given for the actual time lost as a result of any of the following:

- (a) treatment given to a player by an authorised medical personnel on the field of play;
- (b) a player being required to leave the field as a result of a serious injury;
- (c) all third umpire referrals and consultations;
- (d) time wasting by the batting side; and
- (e) all other circumstances that are beyond the control of the fielding side.

In the event of any time allowances being granted to the fielding team under 16.2 (d) above (time wasting by batting team), then such time shall be deducted from the allowances granted to such batting team in the determination of its over rate.

In addition to the allowances as provided for above,

- in the case of an innings that has been reduced due to any delay or interruption in play, an additional allowance of 1 minute for every full 3 overs by which the innings is reduced will be granted.
- **an additional allowance of 1 minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings.**

If a side is bowled out within the time determined for that innings pursuant to these playing conditions (taking into account all of the time allowances set out above), the fielding side will be deemed to have complied with the required minimum over rate.

17 Law 17 - Practice on the Field

Law 17.1 shall apply subject to the following:

17.1 Law 17.1 - Practice on the rest of the square

Law 17.1 shall apply subject to the following:

- a) The use of the square for practice on any day of any match will be restricted to any netted practice area or bowling strips specifically prepared on the edge of the square for that purpose.
- b) Bowling practice on the bowling strips referred to in (a) above shall also be permitted during the interval (and change of innings if not the interval) unless the umpires consider that, in the prevailing conditions of ground and weather, it will be detrimental to the surface of the square.

17.2 Law 17.2 - Practice on the outfield

Law 17.3 shall apply save that Law 17.3 (b) (ii) shall be replaced with the following:

- ii) There shall be no bowling or batting practice on the outfield. Bowling a ball, using a short run up to a player in the outfield is not to be regarded as bowling practice

but shall be subject to (b) (iii) and (c) of the Law.

18 Law 18 - Scoring Runs

Law 18 shall apply.

19 Law 19 - Boundaries

19.1 Law 19.1 - The Boundaries of the Field of Play

The following shall apply in addition to Law 19.1:

The playing area shall be a minimum of 140 yards (128.01 metres) from boundary to boundary square of the pitch. The pitch shall be a minimum 60 yards (54.86 metres) from one boundary square of the pitch. When this minimum distance is used, the pitch has to be a minimum 80 yards (73.15 metres) from the opposite square boundary. The straight boundary at both ends of the pitch shall be a minimum of 60 yards (54.86 metres). Distances shall be measured from the centre of the pitch to be used.

In all cases the aim shall be to provide the largest playing area, subject to no boundary exceeding 90 yards (82.29 meters) from the centre of the pitch to be used.

19.2 Law 19.2 - Defining the Boundary - Boundary Marking

The following shall apply in addition to Law 19.2:

All boundaries must be designated by a rope, painted line with flags or similar object of a minimum standard as authorised by the ICC from time to time. Where appropriate the rope should be a required minimum distance (3 yards (2.74 metres) minimum) inside the perimeter fencing or advertising signs. For grounds with a large playing area, the maximum length of boundary should be used before applying the minimum 3 yards (2.74 metres) between the boundary and the fence. For grounds with a large playing area, the maximum length of boundary should be used before applying the minimum 3 yards (2.74 metres) between the boundary and the fence.

19.3 Law 19.3 - Scoring a Boundary

The following shall apply in addition to Law 19.3:

If an unauthorized person enters the playing arena and handles the ball, the umpire at the bowler's end shall be the sole judge of whether the boundary allowance should be scored or the ball be treated as still in play or called dead ball if a batsman is liable to be out as a result of the unauthorized person handling the ball. See also Law 19.1 (c).

Note the introduction of new Law 19.4 – Ball beyond the boundary, dealing with the catching or fielding of a ball after it has crossed the boundary.

20 Law 20 - Lost Ball

Law 20 shall apply.

21 LAW 21 – THE RESULT

Law 21 shall apply subject to the following:

21.1 Law 21.1 - A win - two innings match

Law 21.1 shall not apply.

21.2 Law 21.2 - A win - one innings match

Law 21.2 shall apply in addition to the following:

21.2.1 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (Law 21.3), a result can be achieved only if both teams have had the opportunity of batting for at least 5 overs, unless one team has been all out in less than 5 overs or unless the team batting second scores enough runs to win in less than 5 overs.

21.2.2 Save for circumstances where a match is awarded to a team as a consequence of the opposing team's refusal to play (Law 21.3), all matches in which both teams have not had an opportunity of batting for a minimum of 5 overs, shall be declared no result.

21.3 Law 21.3 – Umpire (Tournament Referee) awarding a match

Law 21.3 shall be replaced by the following:

- a) A match shall be lost by a side which either
 - i) concedes defeat or
 - ii) in the opinion of the ICC Tournament Referee refuses to play and ICC Tournament Referee shall award the match to the other side.
- b) If an umpire considers that an action by any player or players might constitute a refusal by either side to play then the umpires together shall inform the ICC Tournament Referee of this fact. The ICC Tournament Referee shall together with the umpires ascertain the cause of the action. If the ICC Tournament Referee, after due consultation with the umpires, then decides that this action does constitute a refusal to play by one side, he shall so inform the captain of that side. If the captain persists in the action the ICC Tournament Referee shall award the match in accordance with (a)(ii) above.*
- c) If action as in (b) above takes place after play has started and does not constitute a refusal to play the delay or interruption in play shall be dealt with in the same manner as provided for in clause 12.4.2 above.

*N/B In addition to the consequences of any refusal to play prescribed under this clause, any such refusal, whether temporary or final, may result in disciplinary action being taken against the captain and team responsible under the Code of Conduct.

21.4 Law 21.4 – Matches in which there is an agreement under Law 12.1 (b)

Law 21.4 shall not apply.

21.5 Law 21.5 (a) - A Tie

The following shall apply in addition to Law 21.5 (a):

If the scores are equal, the result will be a tie and no account shall be taken of the number of wickets which have fallen. In the event of a tied match the teams shall compete in a one over per side eliminator to determine the winner. Refer attached Appendix 6.

21.6 Law 21.5 (b) - A Draw

Law 21.5 (b) shall not apply.

21.7 Interrupted or Prematurely Terminated Matches - Calculation of the Target Score

21.7.1 Interrupted Matches - Calculation of the Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 5 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth/Lewis method. The target set will always be a whole number and one run less will constitute a Tie. (Refer Duckworth/Lewis Regulations).

21.7.2 Prematurely Terminated Matches

If the innings of the side batting second is suspended (with at least 5 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the D/L 'Par Score' determined at the instant of the suspension by the Duckworth/Lewis method (Refer Duckworth/Lewis Regulations). If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

21.8 Correctness of result

Any query on the result of the match as defined in Laws 21.2, 21.3, 21.5, 21.8 and 21.10 (as modified by these regulations) shall be resolved as soon as possible and a final decision made by the umpires at close of play.

21.9 Event Format

The tournament will be contested by a pre-determined number of teams. Unless specified as a two group tournament each team will play every other team once in a round-robin format.

Points will be allocated for each match in accordance with the system described in clause 21.10 of these playing conditions.

Where specified, following the completion of the round-robin matches the top 2 teams (as determined in 21.10) will contest the final with all other teams playing ranking play-offs. Therefore the games will be as follows:
On completion of the round-robin matches 1st and 2nd (as determined in 21.10) will play the final.

On completion of the round-robin matches 3rd and 4th (as determined in 21.10) will play the 3rd and 4th play-off.

On completion of the round-robin matches 5th and 6th (as determined in 21.10) will play the 5th and 6th play-off.

21.10 Points

The following points system will apply:

Win	2
Tie or No result	1
Loss	0

21.10.1 Group Matches or Round-Robin

In the event of teams finishing on equal points in its group or after round-robin matches, the ordering of teams will be decided in the following order of priority:

- i) The team with the most number of wins in the group stage or round-robin will be placed in the higher position.
- ii) If there are teams with equal points and equal wins in the group stage or round-robin then in such case the team with the higher net run rate in these matches will be placed in the higher position (refer to 21.10.3 below for the calculation of net run rate)
- iii) If still equal, then the team which was the winner of the head to head match played between them will be placed in the higher position.
- iv) If still equal, the team with the higher number of wickets taken per balls bowled in the group stage or round-robin in which results were achieved will be placed in the higher position.
- v) In the highly unlikely event that teams cannot be separated by the above this will be done by drawing lots.

Please note in a match declared as no result, run rate is not applicable.

21.10.2 Final and Ranking Play-offs (if applicable)

In the event of the final or ranking play-off being tied or there is no result, the following shall apply:

1. Tied match – the teams shall compete in a one over per side eliminator to determine the final positions (refer to Appendix 6).
2. If following a tie, weather conditions prevent the one over per side eliminator from being completed, or if the match is a no result, the teams shall be ranked according to their final position at the end of the round robin matches.

21.10.3 Net Run Rate

A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate of both teams shall be based on the full quota of overs to which the batting team would have been

entitled and not on the number of overs in which the team was dismissed.

Note: Any play during a one over per side eliminator is excluded from these calculations.

Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under Duckworth/Lewis, for net run rate purposes Team 1 will be accredited with Team 2's Par Score on abandonment off the same number of overs faced by Team 2. Where a match is concluded but with Duckworth/Lewis having been applied at an earlier point in the match, Team 1 will be accredited with 1 run less than the final target score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

In circumstances where a match (and the points for such match) is awarded to a team as a result of the other team's refusal to play, either by the Tournament Referee in accordance with Law 21.3 (a)(ii) as read with playing condition 21.3 or in accordance with the provisions of the relevant event agreements signed by the participating teams, the net run rate of the defaulting team shall be affected in that the full 20 overs of the defaulting team's innings in such forfeited match shall be taken into account in calculating the average runs per over of the defaulting team over the course of the relevant portion of the competition. For the avoidance of doubt the runs scored and overs bowled in such forfeited match will not be taken into account when calculating the net run rate of the team to whom the match was awarded.

21.10.4 In the event of any dispute the host ICC Region Event Technical Committee may be called on to make a ruling and its ruling will be final.

21 Law 22 - The Over

Law 22 shall apply subject to the addition of the following to Law 22.5:

22 Law 22.5 - Umpire miscounting

Whenever possible the third umpire shall liaise with the scorers and if possible inform the on-field umpires if the over has been miscounted.

23 Law 23 - Dead Ball

Law 23 shall apply **subject to the addition of the following to Law 23.4.**

23.1 Law 23.4 – Umpire calling and signalling 'Dead Ball'

In a match where Spydercam is being used, either umpire shall call and signal 'dead ball', should a ball that has been hit by the batsman make contact, while still in play, with the Spydercam or its cable. The ball shall not count as one of the over and no runs shall be scored.

24 No Ball

Law 24 shall apply subject to the following:

24.1 Law 24.1 (b) Mode of delivery

Law 24.1 (b) shall be replaced by the following:

The bowler may not deliver the ball underarm. If a bowler bowls a ball underarm the umpire shall call and signal no ball, and the ball is to be re-bowled overarm.

24.2 Free Hit after a foot-fault no ball

In addition to the above, the delivery following a no ball called for a foot fault (Law 24.5) shall be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or a wide ball), then the next delivery will become a free hit for whichever batsman is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball.

Field changes are not permitted for free hit deliveries unless there is a change of striker (the provisions of clause 41.2 shall apply).

The umpire will signal a free hit by (after the No Ball Signal) extending one arm straight upwards and moving it in a circular motion.

25 Law 25 - Wide Ball

25.1 Law 25.1 - Judging a Wide

Law 25 shall apply with the following addition to Law 25.1:

Umpires are instructed to apply very strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.

Any offside or legside delivery which in the opinion of the umpire does not give the batsman a reasonable opportunity to score shall be called a wide.

A penalty of one run for a wide shall be scored. This penalty shall stand in addition to any other runs which are scored or awarded. All runs, which are run or result from a wide ball, which is not a no ball, shall be scored wide balls.

26 Law 26 - Bye and Leg Bye

Law 26 shall apply.

27 Law 27 - Appeals

Law 27 shall apply.

28 Law 28 - The Wicket is Down

Law 28 shall apply.

29 Law 29 - Batsman out of His Ground

Law 29 shall apply.

30 Law 30 - Bowled

Law 30 shall apply.

31 Law 31 - Timed Out

Law 31 will apply except that the incoming batsman must be in position to take guard or for his partner to be ready to receive the next ball within 1 minute 30 seconds of the fall of the previous wicket. The incoming batsman is expected to be ready to make his way to the wicket immediately a wicket falls.

32 Law 32 - Caught

Law 32 shall apply.

33 Law 33 - Handled the Ball

Law 33 shall apply.

34 Law 34 - Hit the Ball Twice

Law 34 shall apply.

35 Law 35 - Hit Wicket

Law 35 shall apply.

36 Law 36 - Leg Before Wicket

Law 36 shall apply.

37 Law 37 - Obstructing the Field

Law 37 shall apply. For the avoidance of doubt, if an umpire feels that a batsman, in running between the wickets, has significantly changed his direction without probable cause and thereby obstructed a fielder's attempt to effect a run out, the batsman should, on appeal, be given out, obstructing the field. It shall not be relevant whether a run out would have occurred or not.

If the change of direction involves the batsman crossing the pitch, Law 42.14 shall also apply.

38 Law 38 - Run Out

Law 38 shall apply.

39 Law 39 - Stumped

Law 39 shall apply.

40 Law 40 - The Wicket-Keeper

Law 40 shall apply.

41 Law 41 - Fielder

Law 41 shall apply subject to the following:

41.1 Law 41.1 - Protective equipment

The following shall apply in addition to Law 41.1:

The exchanging of protective equipment between members of the fielding side on the field shall be permitted provided that the umpires do not consider that it constitutes a waste of playing time.

41.2 Restrictions on the placement of fieldsmen

41.2.1 At the instant of delivery, there may not be more than 5 fieldsmen on the leg side.

41.2.2 In addition to the restriction contained in clause 41.2.1 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

a. Subject to 41.2.3 below these additional fielding restrictions shall apply to the first 6 overs of each innings (Fielding Restriction Overs).

b. Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer attached Appendix 5). These fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring 7 inches (18 cm) in diameter.

c. During the Fielding Restriction Overs only two fieldsmen shall be permitted outside this fielding restriction area at the instant of delivery.

d. During the non Fielding Restriction Overs, no more than 5 fieldsmen shall be permitted outside the fielding restriction area referred to in clause 41.2.2 b above.

41.2.3 In circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction Overs shall be reduced in

accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Total overs in innings	No. of overs for which fielding restrictions in clauses 41.2.2 a 41.2.2 c above will apply
5-8	2
9-11	3
12-14	4
15-18	5
19-20	6

41.2.4 If an innings is interrupted during an over and if on the resumption of play, due to the reduced number of overs of the batting team, the required number of Fielding Restriction Overs have already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

41.2.5 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal 'No Ball'.

42 Law 42 - Fair and Unfair Play

42.1 Law 42.3 - The Match Ball - changing its condition

Law 42.3 (d) and (e) shall be replaced with the following:

If the umpires together agree that the deterioration in the condition of the ball is greater than is consistent with the use it has received, they shall consider that there has been a contravention of this Law. They shall:

- a) Change the ball forthwith. The batsman at the wicket shall choose the replacement ball from a selection of six other balls of various degrees of usage (including a new ball) and of the same brand as the ball in use prior to the contravention.

Additionally the bowler's end umpire shall:

- b) Award 5 penalty runs to the batting side.
- c) Inform the captain of the fielding side of the reason for the action taken.
- d) Inform the captain of the batting side as soon as practicable of what has occurred.
- e) Together with the other umpire report the incident to the ICC Tournament Referee who shall take action as is appropriate against the player(s) responsible for the conduct under the ICC Code of Conduct. If the ICC Tournament Referee is unable to identify the player(s) responsible for such conduct, the captain shall take responsibility and will be subject to such action as is appropriate under the ICC Code of Conduct.

42.2 Law 42.4 - Deliberate attempt to distract striker

Law 42.4 shall apply subject to the following:

In addition, the umpires shall report the incident to the Tournament Referee under the ICC Code of Conduct.

42.3 Law 42.5 - Deliberate distraction or obstruction of batsman

Law 42.5 shall apply subject to the following:

In addition, the umpire shall report the incident to the Tournament Referee under the ICC Code of Conduct.

42.4 Law 42.6 - Dangerous and Unfair Bowling

42.4.1 Law 42.6 (a) - The Bowling of Fast Short Pitched Balls

Law 42.6 (a) shall be replaced by the following:

- a A bowler shall be limited to one fast short-pitched delivery per over.
- b A fast short-pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the crease.
- c The umpire at the bowlers end shall advise the bowler and the batsman on strike when each fast short pitched delivery has been bowled.
- d In addition, for the purpose of this regulation and subject to Clause 42.4.1 (f) below, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide.
- e For the avoidance of doubt any fast short pitched delivery that is called a wide under this playing condition shall also count as the allowable short pitched delivery in that over
- f In the event of a bowler bowling more than one fast short-pitched delivery in an over as defined in Clause 42.4.1 (b) above, the umpire at the bowlers end shall call and signal no ball on each occasion. A differential signal shall be used to signify a fast short pitched delivery. The umpire shall call and signal 'no ball' and then tap the head with the other hand.
- g If a bowler delivers a second fast short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batsmen at the wicket

of what has occurred. This caution shall apply throughout the innings.

- h If there is a second instance of the bowler being no balled in the innings for bowling more than one fast short pitched delivery in an over, the umpire shall advise the bowler that this is his final warning for the innings.
- i Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
- j The bowler thus taken off shall not be allowed to bowl again in that innings.
- k The umpire will report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.
- l The umpires will then report the matter to the Tournament Referee who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

The above is not a substitute for Clause 42.5 below which umpires are able to apply at any time.

42.4.2 Law 42.6 (b) Bowling of High Full Pitched Balls

Law 42.6 (b) shall be replaced by the following:

- a. Any delivery, which passes or would have passed on the full above waist height of the striker standing upright at the popping crease is deemed unfair, whether or not it is likely to inflict physical injury on the striker.
- b. In the event of a bowler bowling a high full pitched ball as defined in Clause 42.4.2 (a) above, the umpire at the bowler's end shall call and signal no ball.
- c. If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batsman, the umpire at the bowler's end shall, in addition to calling and signalling no ball, when the ball is dead, caution the bowler and issue a first and final warning. The umpire shall inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred.
- d. Should there be any further instance (where a high full pitched ball is bowled and is considered likely to inflict

physical injury on the batsman) by the same bowler in that innings, the umpire shall in addition to calling and signalling no ball, when the ball is dead, direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

- e. The bowler thus taken off shall not be allowed to bowl again in that innings.
- f. The umpire will report the occurrence to the other umpire, the batsman at the wicket and as soon as possible to the captain of the batting side.
- g. The umpires will then report the matter to the Tournament Referee who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

42.5 Law 42.7 - Dangerous and Unfair Bowling - Action by the umpire

Law 42.7 shall be replaced by the following:

Regardless of any action taken by the umpire as a result of a breach of Clauses 42.4.1, 42.4.2 and 42.6 the following shall apply at any time during the match:

42.5.1 The bowling of fast short pitched balls is unfair if in the opinion of the umpire at the bowler's end he considers that by their repetition and taking into account their length, height and direction, they are likely to inflict physical injury on the striker, irrespective of the protective clothing and equipment he may be wearing. The relative skill of the striker shall also be taken into consideration.

42.5.2 In the event of such unfair bowling, the umpire at the bowler's end shall adopt the following procedure:

- a In the first instance the umpire shall call and signal no ball, caution the bowler and inform the other umpire, the captain of the fielding side and the batsmen of what has occurred.
- b If this caution is ineffective, he shall repeat the above procedure and indicate to the bowler that this is a final warning.
- c Both the above caution and final warning shall continue to apply even though the bowler may later change ends.
- d Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous

over, or part thereof, nor be allowed to bowl the next over, or part thereof. See Law 22.8. (Bowler Incapacitated or Suspended during an Over).

- e The bowler thus taken off shall not be able to bowl again in that innings.
- f The umpire will report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.
- g The umpires will then report the matter to the Tournament Referee who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

42.6 Law 42.8 - Deliberate bowling of High Full Pitched Balls

Law 42.8 shall be replaced by the following:

If the umpire considers that a high full pitch delivery which is deemed unfair as defined in Clause 42.4.2 was deliberately bowled, then the caution and warning process shall be dispensed with.

The umpire at the bowler's end shall:

- 42.6.1 Call and signal no ball.
- 42.6.2 When the ball is dead, direct the captain to take the bowler off forthwith.
- 42.6.3 Not allow the bowler to bowl again in that innings.
- 42.6.4 Ensure that the over is completed by another bowler, provided that the bowler does not bowl two overs or part thereof consecutively.
- 42.6.5 Report the occurrence to the other umpire, to the captain of the batting side and the Tournament Referee who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play Responsibility of the Captains).

APPENDIX 6

Procedure for the One Over Per Side Eliminator

The following procedure will apply should the provision for a one over per side eliminator be adopted in any match.

1. Subject to weather conditions the one over per side eliminator will take place on the scheduled day of the match at a time to be determined by the Umpires or ICC Match Referee. In normal circumstances it shall commence 10 minutes after the conclusion of the match.
2. The amount of extra time allocated to the Oopse is the greater of (a) the extra time allocated to the original match less the amount of extra time actually utilised and (b) the gap between the actual end of the match and the time the original match would have been scheduled to finish had the whole of the extra time provision been utilised. Should play be delayed prior to or during the Oopse, once the playing time lost exceeds the extra time allocated, the Oopse shall be abandoned. See clause 15.
3. The one over per side eliminator will take place on the pitch allocated for the match (the designated pitch) unless otherwise determined by the umpires in consultation with the ground authority and the ICC Match Referee.
4. The umpires shall stand at the same end as that in which they finished the match.
- 5. In both innings of the one over per side eliminator, the fielding side shall choose from which end to bowl.**
- 6. Only nominated players in the main match may participate in the one over per side eliminator. Should any player (including the batsmen and bowler) be unable to continue to participate in the one over per side eliminator due to injury, illness or other wholly acceptable reasons, the relevant Laws and Playing Conditions as they apply in the main match shall also apply in the one over per side eliminator.**
- 7. Any penance time being served in the main match shall be carried forward to the one over per side eliminator.**
8. Each team's over is played with the same fielding restrictions as apply for the last over in a normal T20 International match.
9. The team batting second in the match will bat first in the one over eliminator.
- 10. The fielding captain or his nominee shall select the ball with which he wishes to bowl his over in the one over per side eliminator from the box of spare balls provided by the umpires. Such box to include the balls used in the main match, but no new balls. The team fielding first in the one over**

per side eliminator shall have first choice of ball. The team fielding second may choose to use the same ball as chosen by the team bowling first. If the ball needs to be changed, then playing conditions as stated for the main match shall apply.

11. The loss of two wickets in the over ends the team's one over innings.
12. In the event of the teams having the same score after the one over per side eliminator has been completed, if the original match was a tie under the D/L method, clause 14 immediately applies. Otherwise, the team whose batsmen hit the most number of boundaries combined from its two innings in both the main match and the one over per side eliminator shall be the winner.
13. If the number of boundaries hit by both teams is equal, the team whose batsmen scored more boundaries during its innings in the main match (ignoring the over per side eliminator) shall be the winner.
14. If still equal, a count-back from the final ball of the one over eliminator shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball, i.e including any runs resulting from wides, no ball or penalty runs.

Example:

Runs scored from:	Team 1	Team 2
Ball 6	1	1
Ball 5	4	4
Ball 4	<u>2</u>	1
Ball 3	6	2
Ball 2	0	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings. However team 1 scored 2 runs from its 4th ball while team 2 scored a single so team 1 is the winner.

15. Clause 2 examples:

Scheduled finish 5.00, 30 minutes extra time available, so scheduled finish time if the whole of the extra time provision is utilised is 5.30.

- (a) No extra time is utilised in the original match which overruns ten minutes and finishes at 5.10. The Oopse is scheduled to start at 5.20 with 30 minutes extra time available. It starts on time but is interrupted at 5.25. Play must resume by 5.55 otherwise the Oopse is abandoned.

- (b) 20 minutes of extra time was utilised, with the match scheduled to finish at 5.20, but it actually finishes at 5.10. Therefore the extra time allocated to the Oopse is the greater of a) 10 minutes (30 minutes extra time less 20 already utilised) and b) 20 minutes (the gap from the actual finish time of 5.10 and the scheduled finish had the full extra time been utilised of 5.30). The Oopse was due to start at 5.20, but is delayed by rain. It must therefore start by 5.40 or the Oopse is abandoned.
- (c) The match finishes at 5.40 (having started 30 minutes late and overrun by 10 minutes). There is no extra time allocated to the Oopse which should start at 5.50. Any delay or interruption after 5.50 means the Oopse is abandoned.
