MATCH PLAY RULES AND COMPETITION BY-LAWS

2010 SEASON

**DIVISION ONE
(40 OVERS)**

REVISED 5-26-10

THE PREAMBLE- THE SPIRIT OF CRICKET

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within the Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The responsibility for ensuring the spirit of fair play rests with the captains.

A There are two Laws which place the responsibility for the team's conduct firmly on the captain.

Responsibility of captains:

The captains are responsible at all times for ensuring that play is conducted within the spirit of the game as well as within the Laws. It is also the responsibility of the captains to hand over the teams with full names of players and the balls no later than fifteen (15) minutes prior to the start of play.

B Player's conduct:

In the event of a player failing to comply with instructions by an umpire, or criticizing by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

C Fair and unfair play:

According to the Laws the umpires are the sole judges of fair and unfair play.

The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

D The umpires are authorized to intervene in cases of:

Time wasting

Damaging the pitch

Dangerous or unfair bowling

Tampering with the ball

Any other action that they consider to be unfair

E The Spirit of the Game involves RESPECT for:

Your opponents

Your own captain and team

The role of the umpires

The game's traditional values

F It is against the Spirit of the Game:

To dispute an umpire's decision by word or action of gesture

To direct abusive language towards an opponent or umpire

To indulge in cheating or any sharp practice, for instance:

(a) to appeal knowing that the batsman is not out

(b) to advance towards an umpire in an aggressive manner when appealing

(c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

G Violence:

There is no place for any act of violence on the field of play.

H Players:

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

2010 PLAYING RULES FOR DIVISION ONE

7. RULES: Duration of Match

One-Day Matches shall be on one day's scheduled duration. The matches will consist of one innings per side and each innings will be limited to 40 overs.

(40% OF 40 OVERS MUST BE BOWLED.....THAT IS 16 OVERS) per team to constitute a match.

EXAMPLES: (a) 40 - 17 OVERS.....16 OVERS MUST BE BOWLED TO THE TEAM BATTING SECOND TO OBTAIN A RESULT; UNLESS ALL OUT OR SCORE ENOUGH RUNS TO WIN BEFORE THE END OR AT THE END OF THE 16th OVER.

(b) FOR 16 OVERS MATCH....16 OVERS MUST BE BOWLED TO THE TEAM BATTING SECOND TO OBTAIN A RESULT; UNLESS ALL OUT OR SCORE ENOUGH RUNS TO WIN BEFORE THE END OR AT THE END OF THE 16th OVER.

(c) NO MATCH WILL BE LESS THAN 16 OVERS DURATION.

8. Hours of Play, Intervals and Minimum Overs in the day:

- (a) Teams must be given to the umpires before the spinning of the toss. The toss must be spun no less than 15 minutes before the schedule start of each game and no more than 30 minutes.
- (b) All matches must start promptly at 11:00 am and end at 2:30 pm for the team batting first and from 2:50 pm to 6:20 pm for the team batting second. **NOTE:** The team batting second will commence their innings no later than twenty (20) minutes after the innings of the team batting first closed (all out)
- (c) Duration-Each Team. If the team fielding first fails to bowl 40 overs by 2:30pm, the innings of the team batting second shall be limited to the same number of overs. If bad weather delays the start of the game or suspends the length of each inning, then the number of overs allocated will be rearranged in proportion to the time lost (one over for every 5 minutes or part thereof or 12 overs per hour), so that each team bats the same amount of overs. Matches that never got started due to inclement weather or unforeseen circumstances will be considered abandoned.
- (d) Games in which the starting time was delayed beyond 11:00 am due to bad weather, or playing conditions, the conclusion of the team batting second will be determined by the amount of overs the team batting first, as calculated by the umpires, i.e. it may go beyond 3:00 pm. However, the umpires must give the same time to the team batting second provided weather is permissible.
- (e) Umpires will use their discretion concerning weather conditions and availability of light to continue play.
- (f) In the event of bad weather, the umpires shall not determine that the game is unplayable until 3:00 pm, at that time the game shall be declare abandoned.

9. Length of Innings.... Uninterrupted matches

- (a) Each team shall bat for 40 overs unless all out earlier. A team shall not be permitted to declare its innings close.
- (b) The innings of the team batting second shall be limited to the same numbers of overs bowled by it, at the scheduled time.
- (c) If the team batting first is all out and the last wicket falls at or after the scheduled time for the session, the innings of the team batting second shall be limited to the same number of overs bowled to the team batting first at the first scheduled time for the session (the over in which the last wicket falls is to count as a complete over).
- (d) If the team batting first is dismissed in less than 40 overs, the team batting second shall be entitled to bat for 40 overs.

10. Delayed or Interrupted Matches:

- (a) The object shall always be to rearrange the number of overs so that both teams have an opportunity of batting the same number of overs. The calculation of the number of overs to be bowled shall be based on an average rate of one over per five (5) minutes in the total time available for play. If a reduction of the number of overs is required; any recalculation must not cause earlier cessation time. This time may be extended to allow for one extra over for both teams to be added if required.
- (b) The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs.
- (c) Fractions are to be ignored in all calculations re the number of overs.

SOUTH FLORIDA CRICKET ALLIANCE
2010 PLAYING RULES FOR DIVISION ONE

11. Delayed or Interruption to the Innings of the Team Batting First:

If the number of overs of the team batting first is reduced, a fixed time will be specified for the completion of the first session, as calculated by applying the provisions of clauses 10(a).

12. Delayed or Interruption to the Innings of the Team Batting Second:

If there is a suspension in play during the second session, the overs shall be reduced at a rate one over per five minutes for the time lost. In a rain interrupted match or a match interrupted through any other cause, it should be noted that the important figure is the target score which in effect is set by the umpire when they decide on the number of the overs available to be bowled at the side batting second. The side batting second then has available to it the number of overs nominated by the umpire, in which to achieve that target.

Interrupted Matches – Calculation of the Target Score

If due to an interruption of play, the number of overs in the inning of the side batting second has to be revised, their target score shall be calculated by multiplying the reduced number of the overs by the average runs per over scored by the side batting first.

13. RESTRICTIONS ON THE PLACEMENT OF FIELDSMEN

2010 PLAYING RULES FOR DIVISION ONE

14. NUMBER OF OVERS PER BOWLER.

No bowler shall bowl more than eight (8) six (6) ball overs in an innings. In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed. This restriction shall not apply to the team fielding second where the provisions of 10(b) have been applied. Where the total overs is not divisible by five (5), one (1) additional over shall be allowed to the maximum number per bowler necessary to make up the balance. In the event of a bowler breaking down and being unable to complete an over, another bowler will bowl the remaining balls. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

15. FAST SHORT PITCHED BALLS.

- (a) A bowler should be limited to one (1) fast short pitched delivery per over.
- (b) A fast short pitched delivery is defined as a ball which pass or would have passed above the shoulder height of the striker standing upright at the crease.
- (c) The umpire at the bowler's end shall advice the bowler and the batsman on strike when each fast short pitched delivery has been bowled.
- (d) A ball that passes above the head height of the batsman that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide.
- (e) For the avoidance of doubt any fast short pitched delivery that is called a wide under the playing condition shall also count as the allowable fast short pitched delivery in that over.
- (f) In the event of a bowler bowling more than one fast short pitched delivery in an over the umpire at the bowler's end shall call and signal no ball on each occasion.
- (g) If a bowler bowls two (2) fast short pitched deliveries in an over, the second one is called and signal a no ball and when the ball is dead the bowler will be given his first warning.
- (h) If there is a second instance of a bowler being no balled in the innings for bowling more than one fast short pitched delivery the umpire shall call and signal no ball and when the ball is dead gives him his final warning.
- (i) Should there be any further instance by the same bowler in that innings the umpire shall call and signal no ball and when the ball is dead direct the captain of the fielding team to take the bowler off forthwith and not allow the bowler, thus taken off, to bowl again in the same innings and complete the over with another bowler, provided that the bowler does not bowl two (2) overs or part thereof consecutively.

16. NO BALL RE: FREE HIT

- (a) A no ball called for a foot fault shall be a free hit for whichever batsman is facing it, delivery, if the next delivery (any kind of no ball or a wide ball) then the next delivery will become a free hit for whichever batsman is facing it.
- (b) For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball even if the delivery for the free hit is called wide ball.
- (c) Field changes are not permitted for free hit deliveries unless there is a change of striker.

17. WIDE BOWLING - JUDGING A WIDE.

Umpires are instructed to apply a very strict and consistent interpretation in regard to these rules in order to prevent negative bowling wide of the wicket. Any offside delivery which passes outside the line drawn outside the off stump shall be called wide. Any ball passing the batsman down the down the legside / out-side the leg stump is a wide. Note: The distance shall be 30.5 inches from the two outer stumps. See attached diagram on page 9.....APPENDIX 4 FOR CREASE MARKINGS

2010 PLAYING RULES FOR DIVISION ONE

18. The Result:

- (a) A result can be achieved only if both teams have had the opportunity of batting for at least 16 overs subject to the provisions of clause 11 unless one team has been all out in less than 16 overs or unless the team batting second scores enough runs to win in less than 16 overs. All matches in which both teams have not had an opportunity of batting at least 16 overs shall be declared a no result.
- (b) In matches in which both teams have had the opportunity of batting for agreed number of overs, subject to provisions of clause 9(b) and 11 the team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets, which have fallen.
- (c) If a match is interrupted under any circumstances*, the winner will be the side which has scored faster in runs per over throughout the innings, provided that 16 overs have been bowled at the side that is batting second. If the scoring rate is the same, the side losing the lesser number of wickets at the end of the 16th over of the inning will be the winner. In the event that the team that batted first is all out in less than the full quota of overs, the calculation of their run rate shall be based on the quota of overs in which they would have been entitled to and not the number of overs in which they are dismissed.

* SFCA will investigate and review such circumstances.

19. SUBSTITUTES.

- (a) In normal circumstances, a substitute shall be allowed to field only for a player who satisfies the umpires that he has become injured or becomes ill during the match. However, in very exceptional circumstances, the umpire may use their discretion to allow a substitute for a player who has to leave the field or does not take the field for other wholly acceptable reasons. If a player wishes to change his shirt, boots etc. he may leave the field to do so (no changing on the field) but no substitute will be allowed. Only registered players for that team can be a substitute
- (b) The player acting, as runner for an injured batsman shall at all times wear similar external clothing and protective equipment as the injured batsman.
- (c) No fieldsman shall leave the field or return during a session of play without the consent of the umpire at the bowler's end. The umpire's consent is also necessary if a substitute is required for a fieldsman at the start of play or when his side returns to the field after an interval. If a player of the fielding side does not take the field at the start of play, leaves the field or fails to return after an interval and is absent from the field longer than eight (8) minutes, either of the following shall apply:-
 - (i) The player shall not be permitted to bowl in that innings after his return until he has been on the field for at least that length of playing time for which he was absent.
 - (ii) The player shall not be permitted to bat unless or until, in the aggregate, he has returned to the field and /or his side's innings has been in progress for at least that length of playing time for which he has been absent or, if earlier, when his side has lost five wickets.The restriction in (i) and (ii) above shall not apply if the player has suffered an external blow as opposed to an internal injury such as a pulled muscle whilst participating earlier in the match and consequently been forced to leave the field. Nor shall it apply if the player has been absent for very exceptional and wholly acceptable reasons (other than injury or illness) and consent for a substitute has been granted by the opposing captain.

NOTE:- In the event of a fieldsman already being off the field at the commencement of an interruption in play through ground, weather or light conditions, he shall be allowed to count any such stoppage time as playing time, provided that he personally informs the umpires when he is fit enough to take the field had play been in progress.

20. The BOWLING OF HIGH, FULL PITCHED BALLS.

The bowling of high full-pitched balls is unfair. Any high full pitched ball which passes or would have passed above waist height of the batsman standing upright at the crease shall be called and signaled “no ball” by the umpire at the bowler’s end.

In the event of a bowler bowling a high full ball (i.e. a beamer), the umpire at the bowler’s end shall adopt the following procedure:

- (a). In the first instance the umpire shall call and signal no ball, caution the bowler and issue a first and final warning and inform the other umpire, captain of the fielding side and the batsman of what has occurred.
- (b). At the first repetition call and signal no ball and when the ball is dead direct the captain of the fielding side to take the bowler off forthwith and to complete the over with another bowler provided that the bowler does not bowl two overs or part thereof consecutively.
- (c). Not allow the bowler, thus taken off, to bowl again in the same innings.

21. PROTECTION OF THE PITCH AND BOWLERS’ RUN-UP

Home teams must have covers that should cover the pitch and reasonable bowlers’ run-up. Failure to cover said areas in case of rain or flooding (by field sprinkler system) will result in that team forfeiting the game.

22. LOSS OF OVERS AND DEFAULTED MATCH.

(a) Any team not ready to play at 11:00 a.m. will lose one (1) over per 5 minutes or part thereof delay up to 11:30 am. The team not ready will be charged with a match default, if both teams are not ready to play at 11:00 am, they will both lose one over for each 5 minutes of delay up to 11:30 am. The team that is not ready to play at 11:30 am will lose the game, and will be charged with a match default.

(b) A team must have seven (7) players in uniforms (white clothing or “SFCA sponsor’s clothing”) in order to be considered as being ready to play.

(c) Teams that do not show up for their scheduled matches are still responsible for the umpire fees. A penalty fee of \$150.00 will charge to the guilty team who does not show up to play. If a match is abandoned due to weather or other unforeseen circumstances, the umpires must still receive their fees. In such situation teams must be declared with the umpires’ signature and submitted on a match report form.

(d) There will be no postponement of any matches. Defaulted matches will be awarded to the team present at the appointed venue. **Note:** No matches will be re-scheduled....EXCEPTION:-- FOR THE FINALS ONLY, WHERE ONE REPLAY WILL BE ALLOWED, IF IN THE FIRST MATCH A RESULT WAS NOT ACHIEVED OR THE MATCH WAS NOT PLAYED DUE TO RAIN OR ANY UNFORESEEN CIRCUMSTANCES.

(e) If a team does not show up for a scheduled game the points goes to the team that is present provided that the team is ready to play as determined by the umpires. The winning team must submit a match report listing the names of the players present. Each player listed will be considered as actually played.

The umpires must sign the match report, the defaulted team will be charged with a match default. If said team or any other team unable to field a team on any two (2) occasions during the competition will be dropped. Individual statistics involved with said team will remain on record; the said team will not be permitted to play in the following year’s competition and must re-apply for entry into the competition.

(f) Any time a team walks off the field for whatever reason they will automatically forfeit the game and a match default and possible expulsion for at least a year from the competition. This infraction will incur a penalty of \$150.00 payable to SFCA before their next scheduled game.
